ABOUT ME

I am a junior interior designer with +3 years professional experience. Project management skills, strong background in space planning, technical drawing, knowledge of FF&E, 10 different design programs and being advanced speaker of 5 foreign languages make easier creation and presentation of my projects. As an interior designer, I always work on the new technologies and advanced techniques, trying to be inventive to make each pixel unique in every project I do.

Interior designer
Gunay Babayeva
